INTRODUCTION

The extension of free and reduced price meals to needy students is a requirement for all Local Education Agencies (LEAs) that participate in one or more of the Child Nutrition Programs. Students can be determined eligible for free meals through the Direct Certification method, and free or reduced price meals by submission of a Meal Benefit Form.

We are providing prototypes of an individual and family Meal Benefit Form. Our office must approve any changes made to these forms before duplication and distribution.

Meal Benefit Forms are also available in the following languages: Cambodian, Chinese (Mandarin), Creole/Haitian, Croatian, French, Hindi, Hmong, Japanese, Korean, Laotian, Portuguese, Russian, Serbian, Somali, Spanish, Thai, Urdu, and Vietnamese. You may download these forms from the Internet at

<http://www.fns.usda.gov/cnd/Translations/Default.htm> These Meal Benefit Forms will not be identical to the prototype forms in this book.

This booklet provides the information necessary for the approval of free and reduced price meals for the 2004-2005 school year. For more detailed information on the general extension of free and reduced price meal benefits, refer to the Free and Reduced Price Guidance booklet.

Our handbooks are available on our Website at <http://dese.mo.gov/divadm/food>

FREE AND REDUCED PRICE MEAL BENEFIT FORM

INFORMATION - PROCEDURES 2004-2005 SCHOOL YEAR

All schools participating in the Child Nutrition Programs are required by federal regulations to adopt, and have on file with the State agency, an approved policy of standards and procedures for determining eligibility and extending free and reduced price meals under the National School Lunch and School Breakfast Programs. We have incorporated the standard uniform policy into the application-agreement. The following information is provided to assist you in implementing the provisions of your policy standards and procedures for the 2004-2005 school year.

The ELIGIBILITY CRITERIA FOR FREE AND REDUCED PRICE MEALS (Attachment A) must be adopted for the 2004-2005 school year. Appendix 1 is provided as a tool for the determining official to use when determining eligibility.

Concerning the LETTER TO PARENTS (Attachment B) and the MEAL BENEFIT FORM - Attachment C (Individual) and Attachment C (Family):

1. For those LEAs that do not implement Direct Certification, the LETTER TO PARENTS (Attachment B), along with the MEAL BENEFIT FORM (Attachment C - Individual or Family), must be distributed to all children/families at the beginning of school.
2. For those LEAs that do implement Direct Certification, see the Direct Certification Information - Procedures, Section 2, pages 2-1 thru 2-9.

All LEAs must make the PUBLIC RELEASE (Attachment D) available to the news media before school starts in the fall.

If benefit for free or reduced price meals is denied, the parent or guardian must be notified in writing. NOTICE OF APPROVAL OR DENIAL (Attachment E) may be used to comply with this requirement.

Use of the 2004-2005 policy attachments will place your LEA in compliance. These policy attachments should be filed with your permanent application-agreement. Unless substantive changes are made to the attachments, it will not be necessary to return copies to our office. LEAs may reword the letters to parents and the public release by deleting the reference to the breakfast program if breakfast is not offered.

In collecting payments for meals and in distributing tickets, tokens, etc., school officials must ensure that there is no overt identification of recipients of free or reduced price meals. Care must be taken to prevent such identification at the time the ticket or token is issued as well as in the serving line. Also, your collection system must have a built-in accounting system to record at the point of service the numbers of full price, reduced price, and free meals actually served. Keeping these daily counts is a regulatory requirement.

If applying households have children for whom Temporary Assistance payments are received and also have non-Temporary Assistance children, they **MUST** include the information required of all other households; i.e., name of all household members; the amount of monthly income each household member receives; where it comes from (including the amount of Temporary Assistance); the signature of an adult household member; and social security number of the member or an indication that the household member does not have a social security number.

A Temporary Assistance number is for an individual child and cannot be extended to other family members. Food stamp numbers are for any individual or group of individuals currently certified to receive the benefits. If an **individual** applicant with a food stamp and/or Temporary Assistance number also provides family income data, the income data may be disregarded and approval for free meals granted on the basis of the food stamp or Temporary Assistance number alone.

A food stamp/Temporary Assistance number is an eight-digit number and may be preceded by a county number (up to 3 digits) and the letter S. It is also referred to as the household's Department Case number. A 16-digit Electronic Benefit Transfer (EBT) card number is NOT acceptable. Possession of the EBT card does not mean the household is currently eligible for food stamps or Temporary Assistance.

LEAs **must** organize their file of Meal Benefit Forms for free and reduced price meals so that they can be easily retrieved by school. For LEAs with multiple attendance units, this may mean making copies of the Meal Benefit Form if more than one student is named on the form and they attend different schools.

VERIFICATION OF THE CURRENT INCOME OF A SELECTED SAMPLE OF THE APPROVED MEAL BENEFIT FORMS ON FILE AS OF OCTOBER 31 OF EACH SCHOOL YEAR MUST BE COMPLETED BY DECEMBER 15. For more detailed information, refer to the Verification Guidance booklet.

Methods of Collection & Meal Counting (Attachment F) does **not** need to be completed and returned to our office unless the systems(s) that will be used for the 2004-2005 school year is different from the previous system(s) submitted to the State agency.

DIRECT CERTIFICATION

INFORMATION - PROCEDURE 2004-2005 SCHOOL YEAR

In authorizing Public Law 101-147, the Child Nutrition and WIC Amendments of 1989, Congress included a paperwork reduction provision in the area of approving children for free meals at school. This provision is referred to as the Direct Certification provision.

Direct Certification simply means that school children from families approved to receive food stamps or Temporary Assistance may be automatically approved to receive free meals, both breakfast and lunch, without having to complete a Meal Benefit Form. This process was designed to simplify the application procedure for families, increase participation by eligible children, and reduce paperwork on the LEA level.

In implementing this process, our office has entered into an agreement with the Department of Social Services to obtain the necessary basic information; e.g., the names, and other specific identifying information, of all children in the State ages three (3) through nineteen (19). This list will be current as of July 1, 2004, and can be used to certify eligible children for free meals at the beginning of the school year.

Direct Certification is not mandated. It is an option for LEAs to consider. To determine whether or not you wish to participate, please read the following information, which describes the various aspects of Direct Certification.

If you have questions or need assistance, you may contact our office at (573)-751-3526.

Direct Certification - Benefits

1. Families of students eligible for free meals through Direct Certification do not have to submit a Meal Benefit Form.
2. LEAs that implement Direct Certification will have less Meal Benefit Forms to process, approve, and verify.
3. LEAs that implement Direct Certification will most likely increase the number of students eligible for free meals. Students documented to be eligible for free meals through the Direct Certification Process or Meal Benefit Forms may be included in the SB380 FTE Resident Free or Reduced Price Eligible Students count. Please refer to DESE Core Data Section's guidelines on how to report those students; i.e., full-time equivalency, resident, etc.
4. LEAs that implement Direct Certification may substantially lower the risk of fiscal sanctions or overclaims due to incorrectly approved Meal Benefit Forms found as a result of reviews and/or audits.
5. LEAs that implement Direct Certification will have a smaller number of Meal Benefit Forms to verify.

Direct Certification - Process

1. The School Food Services Section of the Missouri State Department of Elementary and Secondary Education has entered into an agreement with the Missouri Department of Social Services to obtain a computerized listing of all the children in Missouri between the ages of three (3) and nineteen (19) from families who are currently (July 1, 2004) eligible to receive food stamps or Temporary Assistance.
2. The computerized listing contains specific identifying information that can be used to automatically approve students for free meals. The specific data include: the name of the child, date of birth, child's social security number, sex, race, the name of the case (approved household) head, the address of the case (approved household) head, and the particular program; e.g., Food Stamp (S), AFDC - Now referred to as Temporary Assistance (C), or both (B).
3. LEAs wishing to implement the process must request the appropriate identifying data from the State agency.
4. To request the required identifying data, LEAs will need to verify/provide the Postal ZIP Codes, via the Web, from areas in which their students reside.
5. From the master computerized listing provided by the Missouri Department of Social Services, a listing of children whose addresses include the Postal ZIP Codes requested by the LEA will be generated. This data will be provided to the requesting LEA via the Web. See pages 2-5 through 2-11 for procedures to access Direct Certification data.
6. The LEA can then certify as eligible for free meals those students enrolled in their school for whom there is a verifiable match with the Department of Social Services data.
7. To be considered a verifiable match, LEA enrollment data and the Department of Social Services data must be matched by specific identifying data such as name, birth date, address, etc. At a minimum, the student's name must be matched with at least one identifier; e.g., birth date. The more matching identifiers noted, the more assurance of a correct match.
8. Students certified are considered eligible for the entire year unless the LEA is notified by the family that the household is no longer eligible for food stamps or Temporary Assistance, at which time the family must be given the opportunity to complete a Meal Benefit Form. The LEA is not required to update this data during the school year.
9. The families of students who have been identified as eligible for food stamps or Temporary Assistance must then be notified by the LEA that the students are eligible to receive free meals.

10. While the master listing of the Department of Social Services data must be kept in the central office, listings of all children determined to be eligible for free or reduced price meals must be compiled and easily retrievable by school.
11. Parents have a right to not have their children receive free meals if they do not want them.
12. LEA Authorized Representatives will have to certify that they will use the food stamp and Temporary Assistance data only for the purpose of determining eligibility under the National School Lunch, School Breakfast, or Special Milk Programs.
13. Free and reduced price Meal Benefit Forms are still required because:
 - a) Direct Certification does not apply to students who may be eligible for reduced price meals.
 - b) Direct Certification does not apply to students who are approved to receive food stamps or Temporary Assistance after July 1 of each year.
 - c) Although eligible, some families do not apply for food stamps or Temporary Assistance.
 - d) It is unlikely that there will be a 100 percent match in the database of the names of students who are both enrolled in the LEA and receiving food stamps or Temporary Assistance.

Direct Certification - Steps For Implementation

All Child Nutrition Program documentation must be kept on file for 3 years. Please note, if you participated in Direct Certification last year, you need to backup your Direct Certification data on a CD, disk, or save it in another file. The procedure to access Direct Certification data is different from previous years. Read instructions, page 2-5 through 2-11 carefully.

To participate in the Direct Certification process:

1. Go to <http://dese.mo.gov/divadm/food>, click on Web Submission, Login, click on School Food Services, scroll down to Menu, click on Direct Certification Download in drop down box. If LEA participated in Direct Certification last year, verify ZIP Codes, add or delete and save as necessary, submit. If LEA did not participate in Direct Certification last year, the LEA needs to click Add, enter ZIP Codes, Save and Submit.
2. Upon receipt of food stamp/Temporary Assistance data, identify and correctly match students from school enrollment data with food stamp/Temporary Assistance data.
3. Inform families for whom an appropriate match has been made that the children listed on the NOTICE OF DIRECT CERTIFICATION OF APPROVAL FOR FREE MEALS BASED ON FOOD STAMP/TEMPORARY ASSISTANCE ELIGIBILITY, (Attachment B2), have been automatically approved to receive free meals.

4. Every precaution must be taken by the LEA to protect the anonymity of students receiving free and/or reduced price meals. The distribution of the notices/letters to parents and Meal Benefit Forms to households at the beginning of the year must be done in such a manner as to prevent overt identification and to ensure that no child is excluded from participation.

LEAs that implement Direct Certification are not required to send a letter to parents and a Meal Benefit Form to those families deemed eligible under the Direct Certification process if the LEA has a system to distribute to non-certified households the letter to parents and Meal Benefit Form so that children approved through the Direct Certification process will not be overtly identified (direct mail, individual student packets, etc.).

If the LEA does not have a system to distribute the letter to parents and Meal Benefit Form so that children approved through the Direct Certification process will not be overtly identified, then all families must be provided with a LETTER TO PARENTS (Attachment B1) and a MEAL BENEFIT FORM (Attachment C).

5. Information/lists of all students directly certified and/or approved through use of the Meal Benefit Forms are then to be compiled, maintained, and retrievable by individual school. The LEA's master Direct Certification data list must be retained in the LEA central office.
6. Direct Certification data must be kept for a period of three years after the year to which it pertains.

Direct Certification – Procedures to Access Data

1. LEAs will access their Direct Certification Data via the Web. Only the Authorized Representative for the National School Lunch Program can submit ZIP Codes for Direct Certification with their User Id and Password. Data Entry, Submit and Authorized Representative capabilities can download Direct Certification data.

Instructions for LEA use of Appendix 2

Now most families can get low-cost or free health insurance for their children through MC+ for Kids, Missouri's Health Insurance Program. The Missouri Department of Social Services (DSS) administers this program.

We are requesting LEAs to cooperate with DSS by distributing the request for information, Policy Attachment G, with the Letter to Parents and Meal Benefit Form. LEAs would then mail any completed forms returned to their schools to the appropriate service centers indicated on the map below. MC+ officials will then contact the families for more information.

You are not required to distribute Appendix 2.

Family/Household means a group of people who may or may not be related and who do not live in an institution or a boarding house, but who are living as one economic group. Students who are temporarily away at school should be counted as members of the family; however, students who are full-time residents of an institution are considered a family of one.

Income means income before deductions for income taxes, employee's social security taxes, insurance premiums, charitable contributions, bonds, etc. It includes the following:

1. Monetary compensation for services, including wages, salary, commissions, or fees;
2. Net income from non-farm self-employment;
3. Net income from farm self-employment;
4. Social security;
5. Dividends or interest on savings or bonds or income from estates or trusts;
6. Net rental income;
7. Public assistance or welfare payments;
8. Unemployment compensation;
9. Government civilian employee or military retirement, or pensions or veterans payments;
10. Private pensions or annuities;
11. Alimony or child support payments;
12. Regular contributions from persons not living in the household;
13. Net royalties; and
14. Other cash income. Other cash income would include cash amounts received or withdrawn from any source including savings, investments, trust accounts, and other resources which would be available to pay the price of a child's meal.

Income does not include any income or benefits received under any Federal program, which are excluded from consideration as income by any legislative prohibition.

(CONTINUED)

POLICY ATTACHMENT A (CONTINUED)

In a household where there is income from wages and self-employment and the self-employment reflects a negative net income, consider that income as zero so as not to offset the wages earned.

In applying guidelines, the family's current rate of income should be used in determining eligibility.

Current Income is defined as income received during the month prior to application if such income is representative. Where the prior month's income was much higher or lower than usual, expected income for this year (12 months starting from last month) may be used; for example, self-employed people, farmers, and migrant workers.

Foster Children are considered a one-member family when the welfare agency is legally responsible for the child and the foster home is, in fact, an extension of the welfare agency. Welfare agency payments, specifically identified by category for the personal use of that foster child and funds personally received by the child, are considered the income of that one-member family. Welfare funds identified for shelter and care, medical and therapeutic needs, and special needs funds should not be considered as income.

In cases where the welfare agency has placed a child in a permanent home and/or subsidizes the child's adoption, the child is considered a member of the household. The family size and total income of the family determine the child's eligibility for free and reduced price meals.

Institutionalized Children are considered as a one-member family and only monies the child actually receives and controls shall be considered as income for determining eligibility.

Children from families whose current income is at or below those shown are eligible for free or reduced price meals. Meal Benefit Forms are available at the principal's office in each school. To apply, fill out a Meal Benefit Form and return it to the school. The information provided on the Meal Benefit Form is confidential and will be used only for the purpose of determining eligibility. Meal Benefit Forms may be submitted any time during the school year. A complete Meal Benefit Form is required as a condition of eligibility. A complete form includes: (1) household income from all sources or food stamp/Temporary Assistance case number, (2) names of all household members, and (3) the signature and social security number of adult household member signing application. School officials may verify current income at any time during the school year.

Foster children may be eligible regardless of the income of the household with whom they reside. A foster child is considered a family of one and only personal use income is counted to determine eligibility.

If a family member becomes unemployed or if family size changes, the family should contact the school to file a new Meal Benefit Form. Such changes may make the children of the family eligible for these benefits. Recipients of free and reduced price benefits must notify the school of any changes during the school year in family size and increases of income of over \$50.00 per month or a change in eligibility for food stamps or Temporary Assistance.

Under the provisions of the policy, the _____ will review Meal Benefit Forms and determine
(Title of Determining Official)
eligibility. If a parent is dissatisfied with the ruling of the official, he may wish to discuss the decision with the determining official on an informal basis or he may make a request either orally or in writing to the _____ whose
(Title of Hearing Official)
address is _____ for a hearing to appeal the decision.

Hearing procedures are outlined in the policy. A complete copy of the policy is on file in each school and in the central office where any interested party may review it.
